You may edit JYU Dissertation template with OpenOffice.

1. Save Dissertation template with Microsoft Word: **File** --> **Save as**--> choose file
   format **.odt**

2. Open the new saved file with OpenOffice.
   - Styling and formatting should match the original template. There might be
     some errors in styling and formatting but you can correct them with **Styles
     and Fromatting**. You can see the style menu by choosing **Format** from the
     menu and after that clicking **Styles and formatting**.
   - Selected style must be confirmed by **double clicking mouse left** button or
     enter button.
